Counting Tiles

Twenty four stiffened felt squares showing quantity illustrations from 1 to 24. Highly visual products to aid the teaching of mathematics to a wide range of skill levels. The products encourage the active involvement of the children. Targeted toward young children from 2.5 to 6 years, where visually appealing material is important and for those who have little or no previous knowledge of mathematics. Made from polyester with an anti-slip rubber backing.

Time Timer TWIST Red

The 90-minute TWIST is an easy-to-use and fun time management tool. To use, turn the outer ring until you reach your desired time, up to 90 minutes, then push the play button. A digital display shows at a glance how much time remains. In the classroom, it's great for timing tests and turn-taking exercises, timing group activities, and helping students with additional needs transition between activities.
