Outdoor Easels

With the imagination of our Creatistics brand, combined with the tried and tested quality of Aussie Play, we bring you our Creatistics by Aussie Play Easels. Designed and manufactured in Australia, from super durable materials such as aluminium, stainless steel and hard wearing powder coat, these easels will stand the test of time. With our spring loaded locking pin, we have eliminated clumsy locking mechanisms. No longer do you have to worry about easels toppling over or being difficult to fold up – simply pull the spring loaded pin, fold open and wait for the pin to snap back in to lock the easel in place, then simply reverse this process to close. Or, in the case of our 3 sided easel, simply unfold the 3 easel sides into a triangle, and slot the aluminium pin into place for a sturdy space saving art station. Fold down the paint pot trays which have no finger pinch points, peg some paper on with our A4 and or larger paper peg slots, and paint away. And best of all, when you are done, and the easels are covered in paint from a wonderful day of stimulating the children's imagination, simply take the easels outside and hose them down. Being made from aluminium and stainless these easels will never rust, making your clean up time so much faster and easier.
