

Lesson Plan

Year 2

Money Reserve Notes and Coins Set

Year 2: Counting and Combining Coins and Notes

Curriculum Links:

+ **ACMNA034:** Count and order small collections of Australian coins and notes according to their value.

Lesson Objectives:

- + Count collections of coins and notes to determine total value.
- + Order different combinations of money based on total amounts.

Lesson Activities:

- + **Counting Collections:** Students count mixed groups of coins and notes to find the total monetary value.
- + **Making Amounts:** Given a specific amount, students select coins and notes to match that value.

+ **Money Bingo:** Create bingo cards with monetary amounts; students cover the amounts as they are called out and matched with their collections.

Assessment:

- + Accuracy in counting and combining different denominations.
- + Participation in games and activities.

Differentiation:

- + **Support:** Use only coins or only notes to simplify tasks
- + **Extension:** Introduce simple transactions, such as making change for a purchase.
