

Lesson Plan

Year 4

Multispin Multiplication Game

Year 4: Building Multiplication Fluency

Curriculum Links:

+ **AC9M4A02:** Recall and demonstrate multiplication facts up to 10×10 and related division facts.

Lesson Objectives:

- + Achieve fluency in multiplication facts up to 10×10 .
- + Recognise the relationship between multiplication and division.

Lesson Activities:

- + **Daily Drills:** Begin with quick-fire multiplication questions to warm up.
- + **Multispin Game Session:** Students play the Multispin game, aiming to reinforce their multiplication facts up to 10×10 .

+ **Reflection:** Students reflect on which multiplication facts they find challenging and develop strategies to improve.

Assessment:

- + Performance during the game, noting accuracy and speed.
- + Short quizzes on multiplication facts.

Differentiation:

- + **Support:** Focus on one set of multiplication facts at a time (e.g., 4s or 6s).
- + **Extension:** Introduce multi-digit multiplication problems.
