

# Lesson Plan

Year 1

## Reading Rods Alphabet & Phonemic Awareness Set

Year 1: Building Alphabet Knowledge

### Curriculum Links:

- + **AC9E1LY11:** Use knowledge of letters and sounds to spell words.

### Lesson Objectives:

- + Recognise and sequence letters of the alphabet.
- + Develop phonemic awareness by constructing simple words.

### Lesson Activities:

- + **Alphabet Sequencing:** Students use Reading Rods to arrange letters in alphabetical order, reinforcing letter recognition.
- + **Word Building:** Provide a set of Reading Rods for students to construct CVC (consonant-vowel-consonant) words, enhancing decoding skills.
- + **Phoneme Substitution:** Challenge students to change one letter in a word to create a new word, promoting understanding of sound-letter relationships.

### Assessment:

- + Evaluate students' ability to correctly sequence the alphabet and form words.
- + Conduct spelling checks on words created during activities.

### Differentiation:

- + **Support:** Focus on a smaller set of letters or simple words initially.
- + **Extension:** Encourage students to create longer words or explore word families.
