## Christmas Craft Activity Gingerbread Pop Stick House

### Let's make it!

- 1 To assemble the pop stick house – trim 9 pop sticks to 2/3 of their original size.
- 2 Lay 8 of the trimmed pop sticks in a row and use strong glue to adhere the 9th trimmed pop stick across the bottom (to hold your 8 pop sticks together). Allow to dry.
- 3 When your glue is dry, flip over and glue 1 whole length pop stick to the top of the trimmed pop sticks, covering the trimmings.
- 4 Trim 2 more pop sticks to 2/3 of their size and glue these to form a triangle shaped roof (one end each on the sides, and the other end together to form the roof's point).
- 5 When the glue is dry, trim 4 more pop sticks to fit the roof's triangular frame, and glue in place. Allow to dry.
- 6 When the glue is dry, flip your gingerbread house over – it's now ready to paint the front in your desired shade of brown. Set aside to dry.
- 7 Now it's time to make all your decorations. We've used coloured wooden beads to decorate the roof and doorknob, felt sheets to make the door, bakers twine to trim and Christmas felt stickers. The sweet treats have been made using POSCA markers on white cardboard which has been cut out and glued onto scraps of white felt to raise up.
- 8 Lastly, flip your gingerbread house over, cut a length of baker's twine and attach to the back of the house to form a hanging loop) and set aside to dry.
- 9 Done! The perfect gingerbread house decoration is ready.

## Father's Day Craft Activity Air Dry Clay Hand & Heart Trinket Bowl

### Let's make it!

- 1 Divide air dry clay into roughly 8 portions (1kg of clay makes approx. 8 small hands).
- 2 Using a rolling pin, roll out each portion to roughly 1cm thick.
- 3 Place each child's hand onto the clay and gently trace around using clay tools.
- 4 Gently cut away any excess clay with a clay knife.
- 5 Lift clay hand print off the wooden board and smooth down any rough edges by gently pressing with fingers.
- 6 Make extra heart detail with leftover clay, by cutting out a small heart shape with clay knife.
- 7 Set aside to dry for a few days.
- 8 Decorate with paint as desired and leave to dry.
- 9 When completely dry, coat with Crystal Clear spray or PVA glue to provide a barrier from dirt, wear and moisture. (Use spray only with adult supervision outdoors or in a ventilated environment).
- 10 Done! The perfect gift for Dad to use as a desktop paper weight, key holder, coin bowl, or even a safekeeping spot for his wedding ring or cufflinks!
