

Contents of Bio Strip:

1. Animal Viruses: Virus of Newcastle Disease Electron Micro graph
2. Virus Emerging from Cell - Electron Micrograph
3. Tobacco Mosaic Virus - Electron Micrographs Virus Particles - Left Side, Virus Crystal - Right Side
4. Cancer Viruses Papilloma Virus - Electron Micrograph -Left side Rauscher Leukaemia Virus - Electron Micrograph - Right Side"
5. Lambda Phage on E. Coli Electron Micrograph
6. Disrupted Phage - Electron Micrograph
7. Human Viruses Influenza Virus - Electron Micrograph - Left Side Polio Virus - Electron Micrograph - Right Side"
8. Measles Virus Attack - Fluorescent Stain
